St. Joseph. Mich., April 26.—[Special]—Romance, tragedy, love and disclination to the state's investigation of the House of David cult, the stories ranging from a wheelbarrow elopement by a couple wedded, but not to each other, to the tragic realization by followers of "King Benjamin" Purnell, that they were not disciples of Jesus Christ's younger brother, but victims of a gigantic religious hoax.

In between the lines of today's testimony came the news that many of the inembers of Benjamin's colony of long laired, self immortalized clan are beginning to believe that they are fooligh'rather than wise and that a general hegira from their Land of Canasan has started. Today's chief witnesses were Benjamin Hill and Mrs. Lillian Davis Banneford, intercepted last night by Sheriff Bridgeman as they tried to flee logether.

Bandmaster for Cult.

Hill is 36, was manager of the cult's band, one of its missionaries, and has had the faith drifled into him since he was 2 years old. Lillian is 22.

Yet it was this couple that eloped from David's cult last night with their belongings in a wheelbarrow, only to be intercepted by the state in a Stevensville botel last night and brought back today to tell how they had been forced into immoral marriages and how the reports of attacks on young girls and general indecency by their king, Purnell, had disiliusioned them.

"The girls were deceived. They were told they must wed for self-protection, that if they were not married the investigators would submit them to physical examinations to prove that they were not virgins and that this was looked on by the chief as a joke, that the chief violated these precepts.

"A few months ago we began to talk about giving up this faith and going out into a world where love was not a crime. A few days ago we completed our plans, and last night we went to Stevensville to take the train, but Sheriff Bridgeman stopped. We went to Stevensville to take the train, but Sheriff Bridgeman stopped. We went to Stevensville to take the train, but Sheriff Bridgeman stopped. We sare both glad to tell all we know."

THE STATE POLICE BILL WILL WIN.

The Illinois senate has killed the Dunlap stat ice bill by a vote of 25 to 23. Thus ends the ed skirmish in the battle for a much needed ment in the conduct of our affairs. But the Dattle is by no means concluded. It will be reewed in the next legislature, and eventually will be crowned with success, because it is right.

Organized labor probably is largely responsible for the present delay in an inevitable movemen We have no enmity toward it for that reason. We believe its opposition was due to misunderstandng. Such misunderstanding eventually will be ed away. Arguments such as those which ceded this defeat of the bill are serving their irpose to remove such misunderstanding. The itation in favor of the bill has not been wasted.

This is emphasized by such a statement as that Senator Glenn, who, though representing a district in which there is a strong labor vote, supthe millionaire or banker." Those are strong

To the strains of martial music and amid the cheers of 100,000 peopla. Chicago's chizen soldiers marched away to answer their country's call last night and this morning. They will go into camp in the State fair grounds at Springfield. The First, Second, and Seventh Regiments and the First Illinois Cavalry left Chicago between the hours of 7p. m. and 20 clock this morning. There were partiags from wives, mothers, and sweethearts, and probably never before have so many tears been shed in this big city. The gnardsmen parted with their leved ones as soldiers have done since the world began. They stifled their own tears, smiled, and endeavored to comole those who wept because they were about to answer duty's call.

call.

The total number of militiamen and cavalry that left Chicago was 4.633.

The thoroughfares leading to the depots were crowded with man, women, and children, and as the selveral regiments passed through the strests they were greeted with cheers. The guardsmen cheered back and waved their fagewells, and here and there one would break from the ranks to grasp some friend's hand in a hearty good-by shake.

One Illegal Loan Made

with Judge's Assent.

Panic stricken attorneys, formerly active in state court bankruptcy cases, crowded Judge Kickham Scanlan's court yesterday as Jacob Goldman, receiver for 300 bankrupt properties, exposed the so-called "bankruptcy ring" which has depleted defunct estate assets by demands for advance fees or "loans."

Under Judge Scanlan's threat of the same of the same of the scanlan's threat of the same of the scanlan's threat of the same of

Under Judge Scantan's threat of Under Judge Scantan's threat of disgorge or be disbarried," a score of awyers pressed forward offering hecks and explanations, while an equal number were halted in their rantic search for money by deputy theriffs armed with attachment subcenses.

Washington, lived here until two ton hotel. Mr. Furlow was born in Atlanta, Ga., fifty years ago and had been connected with the Otis company attorney from 1882 to 1884 and 1885 for twenty years. He will be buried to 1889. The validity of the law permitting the annexation of Hyde Park, Lake View and other towns to Chicago was also established during his term of office.

O, Goldman's "loans" to attorneys.

Told to "Go Ahead," He Says. And he told you to go ahead and

pay it?"

"Yes. I don't know why I did not get an order, but that was the directions I got down there, that I could pay it to Helmer, Melton & Whitman."

"Where's Benjamin Ehrlich?"

asked Judge Scanlan as he glanced over Goldman's report, which was accompanied with the canceled checks indicating payments from bankrupt funds without authorization from a court.

"Is that so?" asked the judge.
"That was the court's money, paid
from a fund placed in the keeping of
Goldman, a servant of this court.
Have you got \$400 with you?"
Given Till Monday to Act.

'I'm sorry, but I haven't got the mey," said Ehrlich. 'Well, Mr. Ehrlich, go out and pawi. "Well, Mr. Enrich, go out and paw, your socks if you have to," advised Judge Scaulan. Lloyd C. Whitman, chief counsel for Goldman, became involved in the scrutiny of alleged irregular payments when the receiver's statement indicated that he had been paid a total of \$742.50 for services in the Ursus Motor company proceedings.

"Were these paid on orders?" asked Judge Scanlan.

"I had a conference with Judge Rush in chambers and he was told about this, and he said to pay it to him." asserted Goldman.

"Did you say you had a talk with Judge Rush about it?" Goldman was asked next, to which he repited, "I showed him the bill before I paid."

The swaying figures of the ballet float about, driven lightly by the melodies. The pantomime flowers in intricate patterns. They group and break and dance before you —as you listen to the music of the Victrola. This wonderful instrument offers a choice of music that few realize. In dance selections alone - ballet, jazz, tarentellas, strathspeys, czardas, minuets—the records contain a delightful and curiously appealing entertainment. Such new fields of pleasure are a few of the many afforded only by Victor Records. And made by the leading artists exclusively for use on the Victrola it seems needless to say that, played on it, they reproduce the music in faultless manner.

How Your Taxes May Be Reduced

E who whacks a tax can count on a hearing from the taxpayers and a reasonable amount of newspaper publicity. The suggestion may start in a Cabinet meeting, in a Treasury Department statement, in a chance phrase of a press interview, but it percolates rapidly. The Chairman Smoot of the Senate Finance Committee deprecates any move to change the taxes at the next session of Congress, and the New York Times favors giving the present revenue law more time to find itself, many newspapers are inclined to think that the Senator is reckoning without his host.

on one side and political maneuvering on the other. Whenever the group advocating a resolution condemning the patriarch had the upper hand, Patriarch Tikhon's followers began their religious filibusters. Through their efforts they prevented action from being taken for two days.

Condemn Tikhon Policy.

Finally, however, a resolution was passed condemning Patriarch Tikhon for his alleged counter-revolutionary activities, for opposing the soviet government, for resistance to the requisition of church treasures, and for an attitude which led to thousands of cases of bloodshed. When the fillbusters at midnight saw the impossibility of holding out further they split the of holding out further they split the conference and withdrew.

The church congress was called for the purpose of straightening out the capital's tangled religious situation, in-cluding three schisms and one athe-istic movement. The fate of Patriarch on is one of Moscow's chief subjects for discussion, especially among the nonconformist churchmen, many of whom passed resolutions through-out the country against him and imme-diately proposed that the Moscow con-gress do likewise.

Vinning the

One of the most eminent authorities on the subject in this country, Dr. E. R. Vedder, Lieutenant Colonel, Medical Corps, U. S. Army, declares that "the remedy for the venereal disease problem lies in publicity of the proper kind" and that "our future progress in the control of these diseases must come through systematic treatment."

This is precisely the opinion held by the public spirited Chicago citizens who organized the Public

Publicity of a kind that would uncover the true facts and the imperative need for supplying the most efficient medical treatment possible to those afflicted were their impelling motives. There was no thought of financial gain although the Institute is not operated on a charity basis. The fees, however, are very low and liberal terms are arranged when desired

Continuous and intelligently directed effort extending over a period of three years has accomplished much in checking the spread of these diseases. The Institute is winning its fight and there is reason to hope that, by keeping the public informed as to the true conditions, enlisting its cooperation and urging upon individuals who are afflicted the necessity of securing proper treatment these diseases may be brought under proper control.

The continued growth of the Institute has led to intensive specialization on the part of its physicians. The services of these highly trained men are at the disposal and within the easy reach of every person in need of them.

No one need feel the slightest embarrassment in coming for consultation or treatment. There are forty treatment rooms. The patient, therefore, has the assurance of the utmost possible privacy.

Women and children are treated in a special department of their own, located on a different floor from the men's department. It is equipped to meet the special requirements of women and children patients, and trained nurses are in constant attendance to minister to their increased comfort.

It is the earnest desire of the Public Health Institute to impress upon the mind of the individual who is infected that in the vast majority of cases these so-called "social" diseases are readily amenable to proper medical treatment, and are curable; also to bring home to the public consciousness that these diseases are exacting a needless toll of thousands of human lives and the financial loss of millions of dollars to industry through decreased efficiency every year.

The only way that these scourges can be wiped out is through publicity and systematic treatment. The Public Health Institute is effectively employing both of these agencies in its fight.

FORE!! TOGS FOR THE FEMININE ENTHUSIAST

Here are days when the feminine golf enthusiast has a faraway look in her eyes as she gazes down sun-drenched fairways. She feels the buoyant turf under foot and curves loving fingers about a pet putter, the while she concerns herself with that all-intriguing problem of what to wear on the links and how to look as charming at the eighteenth hole as she does at the first. There's the trick!

nonchalantly boyish, white, cool, omfortable that's the way a golf blouse English and silk broadcloth with the most rediculously becoming collars. Others of pongee, pique and tub silk have high, low or Healy collars. To wield a fervent mashie, to whire-r a driver thru' the air, one's blouse must be comfortably loose for a good, broad swing, and with this in mind the blouses this year are all loos on largeth and this year are all long on length and supreme-ly tuck-in-able!

Senato Kessingse [Rep., Kane] urged adoption of the gateway amend ment resolution at this session instead of a proposal for a new revenue amendment to the constitution. He believed the commission appointed under the Buck bill could discover some valuable remedies which could be incorporated in a revenue amendment in 1925. The gateway, he declared, would stand a much better chance of adoption in the presidential election next year than any revenue amendment proposed this year.

Says Shampoo With Olive Oil to Have Glossy Hair

Glossy, soft and shining hair is not so hard to have as you think. Beauty specialists now say to shampoo with olive oil— that is the secret. Because it is that is the secret. Because it is the mildest of cleansers; leaves hair soft and pliant, gleaming richly. Thousands of the heads of beautiful hair you see are due to it. The simplest form and easiest to use is Palmolive Shampoo. Thoroughly cleans the hair and scalp—removes all dandruff. Never leaves hair dry or brittle. You can obtain it at or brittle. You can obtain it at any drug or department store for a few cents a bottle. It works wonders. Use it just once and you will note the im-The Palmolive Co., Milwaukee, Wis.

FOUR different cheeses of this new goodness

> Only a few months ago, an entirely new kind of cheese was brought out. Cheese with a new goodness. Richer with a delicious creaminess. A flavor never before attained-smooth and mellow with just the right tang.

> This new delicacy-Phenix American Club Cheese-so delighted the particular housewife. that she has already asked for three more cheeses of the same deliciousness.

> Now you can get all your favorite varieties of cheese in the new and better Phenix Club Cheese.

American Phenix American Club Cheese has all the deliciousness of the best American cheese you ever tasted and something more. It is smoother and creamier. Firm and tender. It is always of exactly the same goodness.

Swiss Phenix Swiss Club Cheese is a delightful innovation in a table delicacy. Entirely new in appearance it has all the appetizing qualities of the best Swiss cheese. Made by expert cheese makers from Switzerland, it is different, better.

Pimiento-Phenix Pimiento Club Cheese is unlike any of the long familiar cheeses. Sweet, savory peppers from Spain are combined with the delicious new American Club Cheese. The result is a smooth new flavor, the tang of mellow cheese with a strange coolness. This cheese has so delighted people that it rivals even the familiar cheeses, like American and Swiss.

Brick-Tender and creamy it combines a smooth mellow flavor with just the tang you want for well flavored foods. When you want a rich tasty cheese for sandwiches or appetizer there is nothing so good as Phenix Brick Club Cheese.

Phenix Club Cheese is squared so it slices into appetizing squares all ready for the table. It is a favorite delicacy for tea-time sandwiches, lunches, suppers - all the delightful bread and butter occasions.

A girl may punish a boy by militant measures of defense—but she falls to inspire the feelings an appeal to his true manliness brings out. The chances are she humiliates him so that he never wants to see her again.

Don't think that I am condosing young men for conduct that is not creditable. But the fact remains that the influence of the vulgar, the common, the free and easy girl must be offset by the fine, clean, self-respecting one, and only by appeal to the boy's better self may she accomplish her mistakable, but back it up with an

WASHINGTON SOCIETY

Washington, D. C., April 26.—[Special.]—Mrs. Theodore Roosevelt, wife of the assistant secretary of the navy, had a small company at luncheon today aboard the U. S. S. Sylph.

The retiring secretary of the Italian embassy and Signora Gelsser Celesia were guesta at dinner tonight of Mme. Christian Hauge, who had a company of young people to meet them. They were also the guests at a luncheon given today by Mr. and Mrs. Sylvanus Slokes Jr., and tomorrow Mr. and Mrs. Thomas Bell Sweeney will give a luncheon for them.

Masses, Princess Says

If the modern artists of Italy have not made great strides in recent years, they at least, Saccording to Princess Santa Benghese, have made beroic deforts and are entitled to great credit. The princess addressed the Circolo Italian of the nave phases of art have, of course, struck our artists, whe said. "We have had the futuristic and the impressionistic work. We have seen all of the modern idiosyncreasies, but I think we have evercome them. > Greater Boston is GOOD GROUND for your advertising. Your advertising dollars sown here bear fruit readily because Boston is the prosperous center of an exceedingly prosperous section. Here is the proof of prosperity-

> > Boston's per capita wealth IS GREATER than any of the first six American cities.

Boston and New York are the only American cities whose savings bank deposits exceed a BILLION DOLLARS. \

Yet you will find Boston SPENDS on the same liberal scale that it saves. The eight largest Boston department stores report a spring business which shows an increase of 14 per cent over 1922. And Why?

Because the mills and factories that make up and surround Boston are running day and night. Every industry is humming. Each week this gigantic payroll is released to be SPENT in Boston.

How much of this money is being spent for your PRODUCT? How does Boston show up on your sales charts?

This mighty market waits. But you cannot expect it to come West and discover you. To have Boston demand your product you must tell Boston about it. Then you can capture the Boston market, and not before.

But you can do this with low advertising and selling expense—if you know how. Knowing how is our business, and we will be glad to show you. Some of the facts are in our booklet, "The Road to Boston." You need it to know the Boston market. Write for a copy today.

Exchanges-Growth

N the Fifteenth, Sixteenth, and Seventeenth Centuries, the principle of corporate organization was gradually evolved and transferable shares were de-

For the first time in history the ordinary individual was afforded the opportunity to utilize his money profitably through the purchase of shares or stock in the great trading companies, and later in the manufacturing and transportation enter-

But men who purchased these shares often found that they later needed their money for some other purpose, or wished to ex-change their holdings in one company for those of another.

Out of this desire grew stock exchanges.

At first they were but departments of the "banks of exchange" which had been established in the great maritime centers of trade in order to facilitate international commerce. The first and most famous was that of Amsterdam, founded in 1609.

With the tremendous expansion of business in this and the succeeding century, the rapidly growing importance and volume of stock transactions soon rendered separate market organizations necessary. These still retain, however, the original name of "exchanges."

Now, every modern nation has stock exchanges must have them. They make possible the financing of large undertak-

THE AMERICAN EXCHANGE NATIONAL BANK, NEW YORK, TRUSTEE

The following is from information furnished by Mr. C. A. Spreckels, Chairman of the Board:

BUSINESS AND PROPERTIES: The Federal Sugar Refining Company owns and operates at Yonkers, N. Y., one of the best and largest single sugar refineries in the world, with a plant conservatively valued at over \$13,000,000. This Company and its predecessors have operated successfully since 1902. Its capacity has grown from 3,000 barrels per day in 1904 to a present capacity in excess of 10,000 barrels per day. This increased plant capacity has been a paid for largely out of earnings.

PURPOSE OF ISSUE: Of the proceeds of this issue, there will be deposited in trust an amount sufficient to redeem on November 1, 1923, all of the Company's 6% Gold Notes of the principal amount of \$2,332,000 and the re-mainder will be used for general corporate

PROVISIONS OF ISSUE: The bonds will be the direct obligations of the Federal Sugar Refining Company, and upon the above mentioned retirement of its 6% notes these bonds and a real estate mortgage of \$400,000 on its office building at 82 Wall Street will constitute the only funded indebtedness of the Company.

RESTRICTIONS OF ISSUE: The trust agreement will provide in substance among other covenants, that while any of these bonds are

Neither the Company or subsidiary will mortgage or pledge any real or plant property or other fixed assets now owned or hereafter

acquired, except that additional real property may be acquired subject to purchase money mortgages or other liens not exceeding 75% of the face value thereof.

The Company will create no further indebtedness (except customary borrowings in the ordinary course of its business), unless provision is made for the simultaneous payment or redemption of this issue.

SINKING FUND: The Company will effect through a sinking fund the retirement of \$3,000,000 principal amount of bonds before maturity, beginning with \$200,000 principal amount for the year 1925 and increasing the amount to be retired at the rate of \$50,000 for each succeeding year to maximum of \$550,000 in 1932. Bonds will be secured for the sinking fund either by purchases in the market, or by calling bonds in the redemption prices above

ASSETS: The net current and fixed assets, upon completion of this financing, after deducting all liabilities except this issue, as shown in the balance sheet prepared by Messrs. Barrow, Wade, Guthrie & Co., are over \$18,000,000, or more than \$3,600 for each \$1,000 of bonds, the net current assets alone being more than

EARNINGS: Average annual net earnings (after federal taxes) available for interest and dividends for the ten years ended December 31, 1922, were \$1,493,928.

The legality of the proceedings in connection with this issue will be subject to the approval of our counsel, Messrs. Murray, Prentice and Aldrich. The above bonds are offered when, as and it issued and received by us, subject to the approval of our counsel.

Price 98 and accrued interest, Yielding over 6.25% Federal Sugar Refining Company 6% Gold Notes, due November 1, 1924, will be accepted in payment at 101 and accrued interest.

There is no substitute for experience

HIS is particularly true of the investment business.

No individual investor, no matter how can make all the investor. can make all the investigations necessary to insure the safety of his investments. He must rely on the intelligence and experience of some investment banker.

Few realize the careful examination to which conservative investment bankers subject every bond issue before they purchase it. Every corporation from which the Harris Organization purchases bonds is thoroughly investigated by trained lawyers, engineers and financial experts before the bonds are bought. This investigation usually extends over many months and occasionally even over a period of years.

No safeguard which has been developed from our banking and investment experience of more than forty years is overlooked in our endeavor to protect our customers. Evidence that these methods have earned the confidence of the investing public is shown by the fact that our sales of bonds for the past year were over twice those of five years ago, three times those of ten years ago and fourteen times those of twenty years ago.

We shall be pleased to discuss your investment problems with you. It will put you under no obligation and we are as glad to talk over a small investment as one of many

The building boom and its fancy wages is boisting pay in other lines, including ist and electrical trades. People who judge wages in these lines by union scales, overlook the fact that these scales, in small shops especially, are mere minimums. Fast workers always mere minimums. Fast workers always get more, and in the repair work, where automatic machinery is always less important than in factories, wages are more elastic. The higher wages go in such trades, the less number of extremely old automobiles will be repaired. More move to the junk pile. Slightly better prices are being realized for junk, too. One dealer estimates that the junk value of the cheaper cars is up about \$5.00, because 'of improved demand for steel scrap, rubber, and plate glass.

The effect of this on the used car business is not great, however, because that

OLD COLONY TRUST COMPANY, Boston, Mass., Trustee

Mr. Noble Foss, President of the Company, has summarized a letter concerning this issue as follows:

BUSINESS: Maverick Mills, organized in 1910, is engaged in the manufacture of a diversified range of fine texture cotton fabrics, operating 72,960 spindles and 1,168 looms. The Company's mills, located in the City of Boston, Massachusetts, are of steel and concrete construction and occupy approximately 3.6 acres of ground, having 300,000 feet of floor space. The plant is one of the finest and most modern of its kind in the United States, having a frontage of 891 feet or equal to nearly three city blocks.

SECURITY: These bonds will be secured by a direct first mortgage upon the real estate, plants, and other fixed assets and equipment of the Company. These properties have been appraised by Messrs. Sanderson and Porter, Engineers, as of March 1, 1923, as having a replacement value of \$3,014,200.00 and after full allowance for depreciation, a net sound value of \$2,211,200.00, or \$2,211 per \$1,000 bond. Total net tangible assets aggregate \$2,833 per \$1,000 bonds. Current assets before giving effect to present financing are in excess of six times current liabilities. This loan is at the low rate of \$14 per spindle.

EARNINGS: The net profits of the Company for the five years 1916 to 1920, inclusive, available for interest, taxes and depreciation average \$302,263.94 per annum, or 4.32 times maximum annual interest requirements on this issue. During the period of depression and readjustment in the years 1921 and 1922, the Company maintained its operations at an aggregate loss of only \$11,075.05 after all adjustments of inventory. Net profits, similarly stated, for the three months ended March 31, 1923, amount to \$82,865.98, or at the rate of over \$331,000.00 per annum, being approximately five times maximum annual interest requirements.

SINKING FUND: A sinking fund, operating monthly beginning July, 1923, aggregating to maturity 80% of the total principal amount of bonds outstanding, will be applied to the purchase and / for redemption of bonds at not exceeding 105 and interest.

PURPOSE: The proceeds of this issue are to be used to retire certain of the Company's outstanding Stock, in order to concentrate ownership and management, effect economies and increase production and plant efficiency, which should be reflected by substantially increased

MANAGEMENT: The management of the Company is under the direction of executives thoroughly experienced in the industry. The policy of the Company towards its employes has rendered it singularly free from labor difficulties of any character whatsoever.

All legal matters affecting this issue, subject to approval of Messrs. Storey, Thorndike, Palmer and Dodge of Boston for the Bankers and Messrs. Gaston, Snow, Saltonstall and Hunt of Boston, Attorneys for the Company. An Engineer's report and appraisal of the Company's fixed assets have been made by Messrs. Sanderson and Porter of New York. The books of the Company have been audited by F. S. Fuller, Certified Public Accountant.

We offer these bonds when, if and as issued and received by us, subject to the approval of counsel.

Illinois Power and Light Corporation

1st and Refunding Mortgage Bonds, Series "A"-Due 1953

This Company serves more than three hundred municipalities including some of the most pros-perous cities in Illinois, Iowa and Kansas. The number of customers scared with light, power and gas totals 172,184 and about 70% of the Company's net earnings are derived from this source.

The bonds are secured by direct first mortgage or lien on important properties producing net earn-ings considerably in excess of interest charges of this issue. These bonds are further secured by mortgage on other properties, the appraised value of the total security being largely in excess of the bonds outstanding. Earnings are over twice annual interest charges on the total mortgage debt.
